

BIO  
Leroy Irchirl Jr  
President

Hello all, my name is Leroy Irchirl Jr. I am the President of Free Your Mind Foundation. I am married to the queen of my life, Mrs. LaTanya Irchirl, who is also the organization's Secretary. I have 4 children, 3 boys and 1 girl. I served 14 years in the military and now attending college courses for a Bachelor's of Science in Youth and Family Services. Earning a leadership role in the military made me come in contact with all types of people from different backgrounds and help me understand that though we are all different in many ways, we all can still thrive and excel together. Also, seeing many young soldiers coming into the military with different upbringings and beliefs triggered a serious need to form an organization like this.
